2020 100 JAHRE
MAKRO MOLEKULARE
CHEMIE
DAS JAHR DER POLYMERE

POLYMERS ENABLE!
WHEREVER.
WHENEVER.
WHATEVER.

100 years after the first report regarding polymers by the German chemist Hermann Staudinger a range of different activities are planned in **2020!**

Polymer motto of the month
Activities across Germany
And many more...

You would like to organize an event in 2020 regarding polymers?
